The Iowa Arts Council (IAC) exists within the Iowa Economic Development Authority (IEDA) and serves as Iowa's federally designated state arts council.

The IAC's mission is to empower Iowa to build and sustain culturally vibrant communities by cultivating creativity, learning and participation in the arts. The IAC carries out its mission in collaboration with its federal agency partner, the National Endowment for the Arts, and regional arts partner, Arts Midwest.

GRANTMAKING

The IAC creates opportunities for the arts to flourish across Iowa by strategically investing funds from the Iowa Legislature and the National Endowment for the Arts in exceptional arts activities benefiting Iowans.

See all grant opportunities on the reverse side.

ARTS LEADERSHIP AND CAPACITY BUILDING

The **Iowa Cultural Leadership Cohort** supports small- to mid-sized Iowa arts, culture, history and humanities nonprofit organizational leaders through training and mentorship, technical assistance and funding opportunities.

Iowa Artist Career Development workshops enable Iowa artists to lead more effective artistic practices and grow their careers and businesses through financial planning and marketing resources.

STATEWIDE CONVENINGS

Through the **Iowa Arts Summit** and **Iowa Fine Arts Education Summit**, Iowa arts leaders come together for networking, sharing best practices and peer learning, while hearing from leading regional and national voices in the arts.

ARTS RECOGNITION

The **Iowa Scholarship for the Arts** supports outstanding high school seniors who plan to continue their fine arts studies at an Iowa college or university.

The **Iowa Poet Laureate** is an honorary appointment, made by the Governor of Iowa, that recognizes the importance of poetry in Iowans' everyday lives.

The **Governor's Arts Awards**, held every other year, honor Iowans who have made an extraordinary contribution to the vitality of the arts in the state.

ARTS LEARNING

Poetry Out Loud in Iowa is an arts education program that encourages 9th–12th grade students to study great poetry and compete in recitation competitions at local, state and national levels.

FILM AND MEDIA

Through a partnership with Produce Iowa, the **State Office of Film and Media**, the IAC maintains a free, online **Production Directory** to help Iowans connect with services and job opportunities in the film and television industry in Iowa.

"The Film Lounge," an annual broadcast and web series in partnership with Produce Iowa and Iowa PBS, showcases short films by Iowa filmmakers.

CREATIVE COMMUNITY DEVELOPMENT

The **Iowa Cultural and Entertainment District** program provides locally designated districts with a 10-year certification to market themselves as cultural destinations and activate a sense of place through partnerships with artists.

The **Creative Places Network** and webinars benefit regions and communities that are focusing on creative placemaking as part of their community development strategy.

The **Creative Places Accelerator** supports communities committed to growing local arts assets through training and mentorship, technical assistance, and funding opportunities.

Additional grant funding opportunities offered by IEDA can support the development of cultural and creative infrastructure in communities.

IOWA ARTIST DIRECTORY

Visit iowaartistdirectory.org to access a free, statewide resource to help communities find and connect with artists of all disciplines and for artists to find paid work opportunities.
